

*Rudy Zacharia was born in Athens, Greece.
From 1989 to 1992 she studied at the Fernando
Fenes School of Art in Athens , as well as
History, Literature and History of Art at the
Deree College of Athens.*

*She primarily paints on natural materials
including marble, granite, schist and wood.
She is particularly enchanted by marble – pure,
challenging and diachronic - and her quest for
original interpretation culminated in the water-
colour technique, which accentuates its texture
and diffused light.*

*Since 1999 she's been working extensively with
companies designing and creating exclusive art
corporate gifts.
She has participated in group exhibitions in
Athens, Mykonos and New York.*
